Capstone Turbine and Capstone Green Energy Components OEM Supplier App

PDF Version of the webpage (first pages)

Microturbine OEM App by Global Energy

OEM parts for Capstone Turbine C30, C60, C65, C200, C600 (3 x C200), C800 (4 x C200), C1000 (5 x C200).

The app for basic part descriptions is free, and a detailed supplier contact list is available for a fee.

The savings on buying direct from the OEM is huge, when compared to buying from Capstone or its dealer network.

With over 14,000 microturbines manufactured since 2001, there is a need for parts.

Electronics Components Example

For example, the UC-7112-LX PLUS (Embedded Computer with 2 Serial Ports, Mini RISC-based Ready-to-Run, Dual 10/100M Ethernet, SD, Clinux OS+D557+D561 Capstone P/N #527322-001) was available for \$449.00 OEM direct, but almost twice that much through Capstone.

The example parts quote is a total of around \$1,951 OEM direct, but more than twice that cost from the dealer network.
